

# Repose Balance Toning Mask

Smooth and Radiant Skin  
Toning Mask

#smooth skin texture  
#bright skin tone  
#glowing skin  
#self-toning

## Skin Complexion Determining the First Impression

Dull skin is a common skin concern felt in the earliest stages of aging. Lackluster skin tone is caused by various external factors such as pigmentation, blemishes, rough texture, dryness, and accumulated dead skin cells! Skin tone and complexion are indicators of the body's antioxidant levels, so it's more important to restore smooth and radiant skin rather than temporarily covering up wrinkles. THESERA Repose Balance Toning Mask is a wash-off mask with a moist emulsion formula that can solve both rough skin texture and dull complexion at once, giving us a bright and radiant skin glow.

# Repose Balance Toning Mask

## Directions

Apply the right amount to the skin and rinse with lukewarm water after 10-15 min.

Volume : 200ml(6.76oz)

## Hypoallergenic Toning for Smooth and Bright Skin

A perfect formula for **skin texture, radiance, pores, and hydration** at once!

### 01 Tightening & Brightening Albumin

Tightens the skin and inhibits moisture loss, eventually making resilient and silky skin.

### 02 Natural Toning Enzyme Bromelain, Papain

Ingredients from the natural protein decomposing enzymes help make clearer skin by discharging wastes and melting away old dead skin cells.

### 03 Natural Skin Conditioner Myristic Acid

Makes the active ingredients absorbed deep into the skin by moderating its structure and helps maintain the skin's radiance and hydration.

### 04 Natural Moisturizing Factor 17 Amino Acid Complex

17 kinds of amino acids are the key ingredients of natural moisturizing factors and they hydrate and make healthy skin.

## Recommended Target

Dull skin tone

Skin that does not take makeup well

Uneven skin texture

Those who are looking for hypoallergenic masks with sensitive skin

Skin with excessive sebum

The day before the special event

Enlarged pores and sagging skin
